New members Bill Michalek, Jim Roberts, David Olsen (alternate)

2. Approval of Minutes for March 19, 2013

3. Review Agenda

4. Comments from the Public – 15 minutes

5. Multi Modal Traffic Safety Program: Transportation and Police Update

Background:

Police will update TSAC on the recent Budget Committee discussions for additional patrol officers and discuss some of the ideas for a Fall 2013 update with City Council. Transportation Division has created an RFP seeking consulting help to create concept plans for the multilane corridors to improve crossing safety. These corridors are Greenwood, 3rd Street, Colorado. Concept plans will include best crossing locations and features at the crossing. Crossings of 27th at Conners and Neff at Williamson are also listed.

Other elements of the RFP include bike safety at intersections (right turn hook prevention at 3rd/Franklin, 3rd/ Reed Market and Neff/Purcell), and roadside safety on Brosterhous, Brookwood and Mt. Washington.

The RFP also seeks help to publicize safety issues and countermeasures to garner community support for the system changes. This RFP does not create final construction plans at this time, concept development only.

Attachments: None

Requested Action: None

6. Police/Enforcement Update

There are changes to the patrol schedules to provide increased focus on DUII crashes. Future budget allows additional patrol officers.

7. A Safe, Healthy, Prosperous Community: Deschutes County , Julie Spackman

Background:

Guest speaker, Julie Spackman, Deschutes County, will update us on the Shared Future Coalition. Attached is the Vision, Mission, Values and Operating Principles. The vision is for a safe, healthy and prosperous County, and the mission is to engage the community to foster legal and safe alcohol use in Deschutes County. The results of the safety study endorsed by TSAC are that DUII and speeding are significant crash issues. TSAC has an opportunity to participate in the coalition.
