<Business address here>

Dear <business owner here>;

Q. Why did the person cross the road?

A. To shop, dine, work and play!

But oftentimes, crossing the road is difficult. The community is seeking easier and safer ways to cross busy roads. These roadways typically were (and in some cases still are) state highways. Neighborhoods are most affected as these roads become barriers within their communities, precluding safe, comfortable and convenient crossings.

GROWTH MANAGEMENT  
710 NW WALL STREET  
PO BOX 431  
BEND, OR 97701  
[541] 388-5505 TEL  
[541] 385-6676 FAX  
BENDOREGON.GOV

The city is working with transportation designers and community volunteers to identify safety upgrades at strategic crossing locations. Crossing concepts are ready to be reviewed at locations near your business:

- Greenwood at NE 4<sup>th</sup> and 6<sup>th</sup>
- 3<sup>rd</sup> Street at Hawthorne and Roosevelt
- Neff at Purcell and Williamson
- 27<sup>th</sup> at Conners
- Colorado between Bond and the Parkway Ramps

JIM CLINTON  
*Mayor*

SALLY RUSSELL  
*Mayor Pro Tem*

NATHAN BODDIE  
*City Councilor*

BARBARA CAMPBELL  
*City Councilor*

VICTOR CHUDOWSKY  
*City Councilor*

DOUG KNIGHT  
*City Councilor*

CASEY ROATS  
*City Councilor*

Concept options are provided for each crossing and we would like you to review them and provide your feedback. We can meet with you individually, you can attend the Open House, and/or review the concepts on-line.

### **Safety Implementation Project Open House**

Thursday April 30, 2015  
5:00 to 7:00 PM

Marshall High School Auditorium  
1291 NE 5<sup>th</sup> Street  
Bend, OR 97701

Meeting materials: <http://bendoregon.gov/index.aspx?page=1228>

ERIC KING  
*City Manager*

If you would like to schedule an individual meeting or have any questions or comments please call me at 541-330-4025 or send me an email at [rlewis@bendoregon.gov](mailto:rlewis@bendoregon.gov). I look forward to hearing from you.

Nick Arnis  
*GMD Director*

Sincerely yours,

Robin Lewis  
Transportation Engineer
