- 1. Welcome and Introductions**
- 2. Approval of Minutes for July 20, 2010**
- 3. Comments from the Public – 15 minutes**
- 4. Review Agenda**

- 5. Local Street and Arterial and Collector Street Project Information**

**Background:** As part of the engineering aspects of traffic safety the city has two project based programs to improve traffic safety through engineering. The Local Street Safety program for small, local types of neighborhood streets and the Arterial and Collector Safety program for the larger road systems. TASC provides recommendations to the City on the project list and ranking. The rankings for both programs are located on the city web page under PW/Transportation Engineering. The purpose of this agenda item is for city staff to update TSAC of the current projects that were completed this year, the projects to be completed next year and the potential projects that are being worked on consistent with the program lists. Staff will also update TSAC about future bike and pedestrian grants.

**Attachments:** None --- information distributed at the meeting

**Requested Action:** Review and discussion

#### **Information Items and Updates**

- ✓ **Mt. Washington Bike Lane Issue signing**

**Comments from Committee Members/Next Agenda item**

**Public Comments – Items added to Agenda**

**Next TSAC Meeting: October 19, 2010**
