

Ensure City sets policy to foster ECONOMIC development

- To increase the number and percent of jobs in traded-sector industries and increase the diversity of those industries
- To develop an environment that supports a talented workforce
- To increase the density of employment on employment land (vertical development)
- To increase the number of jobs and companies at the Bend Airport and in the opportunity areas identified in UGB expansion
- To invest TRT to meet tourism industry and overall economic development goals including infrastructure
- To increase efficacy of business interaction with the City
