

Large Landscape Program (LLP)

DESIGNED TO ASSIST LARGE LANDSCAPE OWNERS

The Large Landscape program offers supportive assistance by assessing irrigation performance and water use in the landscape, with a focus on balancing plant health and generating water savings. Bend Utility staff will work directly with customers, HOA representatives or their landscapers to complete a detailed evaluation of the irrigation system and provide water use data to help guide decisions all season long.

WHAT INFORMATION IS PROVIDED?

- ✓ A professional assessment of the irrigation system and landscape
- ✓ A report identifying practical solutions for maximum water savings
- ✓ Site specific information and water use data to guide management decisions
- ✓ Utility staff support at board meetings, association meetings or during walkthroughs with property managers

PROGRAM ADVANTAGES

Benefits of LLP

- ✓ FREE- to City of Bend Utility water customers
- ✓ A realized water savings and return on investment
- ✓ A detailed look at the system's efficiency and ways to improve it
- ✓ Assistance identifying useful technology upgrades
- ✓ A data driven approach to managing large amounts of water at institutional facilities, HOA's and any landscape over an acre.
