

Re-imagine Your Landscape!

FREE WaterWise Yard Transformation Workshops at Hollinshead Park

Learn simple step-by-step methods to convert your yard into a beautiful and functional WaterWise landscape.

Workshops are scheduled 6:00 p.m.-8:00 p.m. and include a hands-on demo segment in the Hollinshead Water-wise demonstration garden. Registration is required.

WaterWise Drip Irrigation basics - June 12

This Workshop will cover drip irrigation components, how to convert existing irrigation to drip irrigation, how to schedule run times for drip irrigation, and common maintenance practices necessary to keep your system running correctly. Presented by Dan Denning and Doug Voderberg from the City of Bend WaterWise program. Both Dan and Doug are Certified Landscape Irrigation Auditors through the Irrigation Association.

WaterWise Landscape Transformations - June 19

This workshop will examine the failings of the traditional American landscape, look at how we got there, and lay the argument for establishing a new and sustainable model for the future. Learn the steps necessary to transform an existing landscape into a WaterWise landscape that is functional, aesthetically pleasing, and requires less input to maintain. Presented by Al Shay and Doug Voderberg. Al Shay is a senior instructor in the Department of Horticulture at Oregon State University. Doug is from the City of Bend WaterWise program.

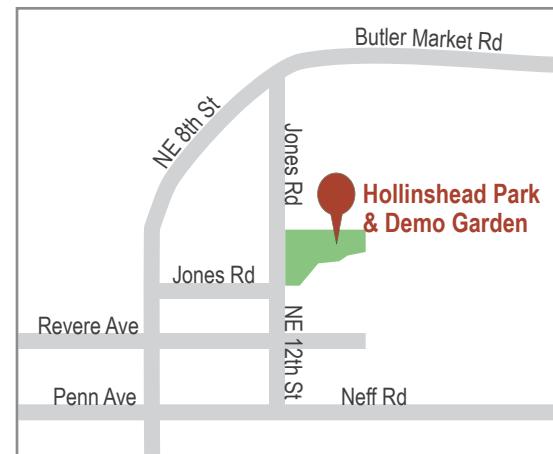

WaterWise Pollinator Gardens - June 26

A WaterWise landscape is good for native pollinators too! Look into the fascinating world of native bees and learn how you can transform your yard into a WaterWise pollinator garden. Pollinator gardens are colorful, provide important forage and habitat, and use less water and resources than traditional landscapes. Presented by Andony Melathopoulos and Doug Voderberg. Andony Melathopoulos, Assistant Professor - Pollinator Health Extension and leads OSU Extension efforts to design, develop, implement, and evaluate a statewide pollinator health program. Doug is from the City of Bend WaterWise program.
