

CONSTRUCTION FACTS SHEET – GREENMONT DRIVE (SEGMENT 8)

TENTATIVE SCHEDULE

- Construction in the hatched area will occur August 31 through January 2021
- Crew(s) will begin at the intersection of Admiral Way/Greenmont Dr and work west through West View Dr (Phase 1)
- Following completion of 15th Street by November, crew(s) will begin on Greenmont Dr between Hill Ridge Rd and Desert Woods Dr and work west through Admiral Way (Phase 2)

TRAFFIC DETOUR (SEE REVERSE SIDE FOR MAP)

- Portions of Greenmont Drive will be closed with local access only
- Southbound 15th Street will be closed through November; a detour will be in place using Reed Market Rd, 27th Street, and Ferguson Rd.

DURING CONSTRUCTION

- Motorists should expect delays. Bicyclists & pedestrians, please acknowledge detours & avoid work areas.
- Access to homes will be maintained for residents, deliveries, and emergency services, however individual driveways will be blocked for periods of time. When driveways are blocked, residents are encouraged to park at either end of the construction zone.
- Tree trimming will occur to allow our equipment full access within the construction zone.
- Noise, vibrations, and dust will occur during construction.
- Private utilities (gas, water, etc.) may require temporary shut-down in unexpected scenarios. The City or the private utility will notify property owners if this occurs.
- Private encroachments (i.e., fences, rock walls, landscaping, etc.) located in the future construction zone must be removed by the property owner, otherwise they may be damaged or removed during construction.
